The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. WORK:

The work as proposed and shown on the attached plans consists of reconstructing and making additions to an existing dock. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 18, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.
